**JEB BUSH, CLINTON TOPS IN FLORIDA IN 2016 RACE,
QUINNIPIAC UNIVERSITY POLL FINDS;
OBAMA APPROVAL NEAR ALL-TIME LOW IN STATE**

Former Gov. Jeb Bush and former Secretary of State Hillary Clinton are tops in their respective party primaries and run neck and neck in Florida in an early look at the 2016 White House race, according to a Quinnipiac University poll released today.

Secretary Clinton tops U.S. Sen. Marco Rubio and other possible Republican candidates, the independent Quinnipiac (KWIN-uh-pe-ack) University poll finds.

Gov. Bush gets 22 percent in a hypothetical GOP primary with Rubio at 18 percent, New Jersey Gov. Christopher Christie at 14 percent and U.S. Sen. Ted Cruz of Texas at 12 percent. No other candidate tops 9 percent, with 12 percent undecided.

Clinton sweeps a Democratic primary with 70 percent, followed by Vice President Joseph Biden at 9 percent and no other candidate above 4 percent. Ten percent are undecided.

Head to head, Clinton gets 47 percent to Bush's 45 percent. She tops other Republicans:

- 45 – 41 percent over Christie;
- 50 – 43 percent over Rubio;
- 51 – 41 percent over U.S. Sen. Rand Paul of Kentucky;
- 50 – 42 percent over U.S. Rep. Paul Ryan of Wisconsin;
- 52 – 36 percent over Cruz.

Florida voters say 56 – 39 percent that Clinton would make a good president, the best score of any candidate, followed by Christie at 45 – 35 percent, with Bush at a split 46 – 44 percent. All other candidates get negative scores, including Rubio with 39 – 47 percent.

“It’s no surprise that Hillary Clinton is well thought of by Florida voters, but when asked whether she would be a good president, more voters say yes than say they will vote for her,” said Peter Brown, assistant director of the Quinnipiac University Polling Institute.

“Nonetheless, she is neck and neck with former Gov. Jeb Bush and has a narrow lead over Chris Christie. Another Florida favorite Sen. Marco Rubio, doesn’t fare as well.”

“Florida Democrats have eyes for no one but Hillary; seven in 10 back her for the nomination in 2016 and no one else is in double digits,” Brown added. “The GOP nomination fight is another story. Former Gov. Jeb Bush, Sen. Marco Rubio and three other potential aspirants get 9 percent or more and it is a forgone conclusion that the 2016 GOP nomination fight in Florida will be very competitive.”

President Obama’s Approval

Florida voters disapprove 57 – 40 percent of the job President Barack Obama is doing, matching his all-time worst score, a 57 – 39 percent disapproval, in a September 22, 2011, Quinnipiac University poll.

Disapproval is 93 – 6 percent among Republicans and 64 – 34 percent among independent voters, while Democrats approve 79 – 16 percent. Women disapprove 52 – 44 percent and men disapprove 63 – 35 percent.

Voters oppose the Affordable Care Act 54 – 39 percent, with partisan numbers that roughly match the president’s approval rating.

ACA will make their healthcare worse in the next year, 44 percent of voters say, while 21 percent say the reform act will make their healthcare better and 31 percent say ACA will not affect their healthcare.

“When things were going well for President Barack Obama, he enjoyed overwhelming support among women and either tied or was slightly ahead among men. Now the shoe is on the other foot. He’s down 28 percentage points among men and eight points among women,” said Brown. “He is losing independents by 30 points and losing by 40 points among white voters. Even one in six Democrats give him a thumbs down. The question for the president is whether he has hit bottom or whether, as happened when President George W. Bush’s numbers reached this neighborhood, there is further downside to come?”

From November 12 – 17, Quinnipiac University surveyed 1,646 registered voters with a margin of error of +/- 2.4 percentage points. The survey includes 668 Republicans with a margin of error of +/- 3.8 percentage points and 544 Democrats with a margin of error of +/- 4.2 percentage points.

The Quinnipiac University Poll, directed by Douglas Schwartz, Ph.D., conducts public opinion surveys in Pennsylvania, New York, New Jersey, Connecticut, Florida, Ohio, Virginia, Iowa, Colorado and the nation as a public service and for research.
