FOR RELEASE: DECEMBER 20, 2016

CUOMO SHOULD BATTLE TRUMP, BUT NOT SEEK WHITE HOUSE, NEW YORK VOTERS TELL QUINNIPIAC UNIVERSITY POLL; TRUMP WILL BE BAD FOR HIS HOME STATE, VOTERS SAY

Gov. Andrew Cuomo should "become a national leader challenging the policies of the Trump Administration," New York State voters say 50 – 43 percent in a Quinnipiac University poll released today.

But Gov. Cuomo should not run for president in 2020, voters say 56 – 36 percent, the independent Quinnipiac (KWIN-uh-pe-ack) University Poll finds. Cuomo would not be a good president, voters say 54 – 36 percent. Still, voters say 53 – 29 percent that if Cuomo ran for president, it would be good for New York State. And Cuomo as a national anti-Trump leader also would be good for New York, voters say 48 – 38 percent.

New York State voters approve 49 – 34 percent of the job Cuomo is doing as governor, compared to a 50 – 40 percent approval rating in a July 20 Quinnipiac University poll. Approval is 64 – 19 percent among Democrats and 46 – 36 percent among independent voters. Republicans disapprove 57 – 25 percent.

"The White House beckons, but Gov. Andrew Cuomo has to get back to Albany first," said Maurice Carroll, assistant director of the Quinnipiac University Poll. "New York State voters want their governor to be a warrior fighting the policies of another New Yorker, President-elect Donald Trump, but they don't want their governor to seek the top job – at least not this early in the game.

"Let's see how they feel after the 2018 governor's race, if Cuomo seeks a third term.

"If New Yorkers are bearish on a Cuomo presidency, they give him pretty good marks after six years in his current job, even though it was a not-so-good political year."

New York State voters say 67 – 27 percent that Gov. Cuomo has strong leadership qualities; 47 – 40 percent that he is honest and trustworthy, and 52 – 42 percent that he cares about their needs and problems.

-more-

Voters disapprove 58 – 36 percent of the way President-elect Donald Trump is handling appointments to his cabinet and other top positions and say 48 – 40 percent that Trump policies will be bad for New York. Only 26 percent of voters say Trump policies will help their personal financial situation, while 29 percent say the policies will hurt and 40 percent say they won't make a difference.

New York State voters are divided as 46 percent are optimistic about the next four years with Trump as president, while 50 percent are pessimistic.

Trump gets a negative 31 – 59 percent favorability rating from New York voters. Only 12 percent of voters say Trump will be a great president, while 25 percent say he will be a good president; 19 percent say not so good and 36 percent say he will be a bad president.

President Obama, Sen. Schumer Approval Ratings

U.S. Sen. Charles Schumer, fresh off a strong reelection win and poised to become the Senate Minority Leader, perhaps the most powerful Democrat in the nation, gets a 67 – 23 percent job approval rating. This is his best grade since a 69 – 16 percent approval rating in a December 8, 2004, Quinnipiac University poll, right after he won reelection to a second term.

"As he prepares to become, arguably, the most powerful Democrat in the nation, Sen. Chuck Schumer scores high with the home folks," Carroll said.

New York State voters approve 61 – 35 percent of the job President Barack Obama is doing, his highest approval in the state since December 12, 2012, after he won reelection.

Approval ratings for other statewide leaders are:

- 56 – 20 percent for U.S. Sen. Kirsten Gillibrand;
- 38 – 16 percent for State Comptroller Thomas DiNapoli;
- 51 – 21 percent for State Attorney General Eric Schneiderman;
- 23 – 19 percent, with 57 percent undecided, for Assembly Speaker Carl Heastie.

From December 13 – 19, Quinnipiac University surveyed 1,130 New York State voters with a margin of error of +/- 2.9 percentage points. Live interviewers call landlines and cell phones.

The Quinnipiac University Poll, directed by Douglas Schwartz, Ph.D., conducts public opinion surveys in Pennsylvania, New York, New Jersey, Connecticut, Florida, Ohio, Virginia, Iowa, Colorado, North Carolina, Georgia and the nation as a public service and for research.
