
FOR RELEASE: MARCH 22, 2017

**BASE ERODES AS TRUMP DROPS TO NEW LOW SCORES,
QUINNIPIAC UNIVERSITY NATIONAL POLL FINDS;
VOTERS SAY 60 – 35 PERCENT PRESIDENT IS NOT HONEST**

President Donald Trump is losing support among Republicans, white voters and men, leaving him with a negative 37 – 56 percent job approval rating from American voters, his worst score ever, according to a Quinnipiac University national poll released today.

Today's job approval rating compares to a negative 41 – 52 percent approval rating in a March 7 survey by the independent Quinnipiac (KWIN-uh-pe-ack) University.

President Trump is losing support among key elements of his base:

- Men disapprove 43 – 52 percent, compared to a 49 – 45 percent approval March 7;
- Republicans approve 81 – 14 percent, compared to 91 – 5 percent two weeks ago;
- White voters disapprove 44 – 50 percent, compared to a narrow 49 – 45 percent approval March 7.

Disapproval is 60 – 31 percent among women, 90 – 6 percent among Democrats, 60 – 31 percent among independent voters and 75 – 16 percent among non-white voters.

American voters' opinions of some of Trump's personal qualities hit new lows:

- 60 – 35 percent that he is not honest, compared to 55 – 39 not honest March 7;
- 55 – 40 percent that he does not have good leadership skills;
- 57 – 40 percent that he does not care about average Americans;
- 66 – 30 percent that he is not level-headed;
- 66 – 30 percent that he is a strong person;
- 59 – 36 percent that he is intelligent;
- 61 – 35 percent that he does not share their values.

“Although taking a beating, he keeps on tweeting to the point where even his fiercely loyal base appears to be eroding,” said Tim Malloy, assistant director of the Quinnipiac University Poll.

“Most alarming for President Donald Trump, the demographic underpinnings of his support, Republicans, white voters, especially men and those without a college degree, are starting to have doubts.”

-more-

Quinnipiac University Poll/March 22, 2017 – page 2

A total of 73 percent of American voters say President Trump and his Administration make statements without evidence to support them “very often” or “somewhat often.”

Only 25 percent of American voters say Trump is more honest than most of the previous presidents, while 48 percent say he is less honest and 24 percent say he is about as honest.

Trump is even with the media, but lower than the courts and intelligence agencies, in winning American voters’ trust:

- A total of 34 percent of voters say they can trust Trump to do what is right “almost all of the time” or “most of the time;”
- A total of 52 percent of voters say they can trust the courts to do what is right “almost all of the time” or “most of the time;”
- A total of 51 percent of voters say they can trust U.S. intelligence agencies to do what is right “almost all of the time” or “most of the time;”
- A total of 34 percent of voters say they can trust the media to do what is right “almost all of the time” or “most of the time.”

Voters give Trump a negative 36 – 57 percent favorability rating, his lowest net score since he was elected.

Trump gets a negative 42 – 48 percent approval rating for the way he is handling the economy, down from a 49 – 41 percent positive score March 7. Opinions on other issues are:

- Disapprove 58 – 34 percent of the way he is handling foreign policy;
- Disapprove 50 – 42 percent of the way he is handling terrorism;
- Disapprove 54 – 34 percent of the way he is handling the federal budget;
- Disapprove 60 – 38 percent of the way he is handling immigration issues.

Wiretapping Trump Tower

American voters do not believe 70 – 19 percent that former President Barack Obama had Trump Tower wiretapped during the 2016 presidential election. Republicans are divided as 41 percent believe it and 39 percent don’t believe it. Every other party, gender, age, education and racial group listed disbelieves this claim by wide margins.

Trump “truly believes” the wiretapping claim, 48 percent of voters say, while 42 percent say he does not believe it.

From March 16 – 21, Quinnipiac University surveyed 1,056 voters nationwide with a margin of error of +/- 3 percentage points. Live interviewers call landlines and cell phones.

The Quinnipiac University Poll, directed by Douglas Schwartz, Ph.D., conducts public opinion surveys in Pennsylvania, New York, New Jersey, Connecticut, Florida, Ohio, Virginia, Iowa, Colorado and the nation as a public service and for research.
